# DVN CONFERENCE AUTOMOTIVE LIDAR

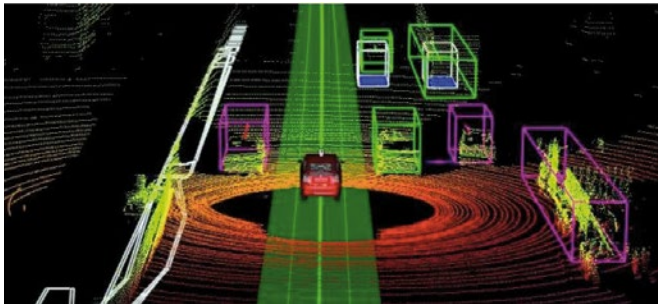

“APPLICATIONS, TECHNOLOGY, COMPONENTS, MARKETVIEWS”

- THE DORINT HOTEL MAIN-TAUNUS CENTER, FRANKFURT-SULZBACH -

**This third DVN conference on lidar will take place at the Dorint Hotel Main-Taunus Center, Frankfurt-Sulzbach on November 16-17, 2020, with a social dinner on the first evening.**

**THE CONFERENCE OF THE YEAR IN AUTOMOTIVE LIDAR**

We hope that by November 16-17, 2020, our automotive lighting and lidar community will have resumed to almost normal life from these few months of worldwide coronavirus lockdown and that our third DVN LiDAR conference will take place as planned, at the Frankfurt-Sulzbach Dorint Hotel, with a social cocktail and welcome dinner on the first evening.

This conference will cover LiDAR applications, technology, components, and market views, with a discussion panel trying to answer the following question: "Will this coronavirus lockdown affect in any way the auto-

motive trend towards autonomous driving and the key role given to the integration of LiDARs in passenger or robotic cars?"

This conference will facilitate reciprocal access, communication, and business opportunities for stakeholders in LiDAR and vehicle industry, and contribute strengthening the new ecosystem for LiDAR and automotive integration.

This event will gather over 200 top worldwide experts in automotive LiDAR and lighting from over 100 different companies, from Europe, Japan, Korea, China, Canada and the US. 25 Lectures will express the different views about LiDAR Applications and Integration from automakers including Audi/VW, Volvo, Renault; from LiDAR suppliers Aeye, Blickfeld, Cepton, Continental, Fraunhofer, Ibeo, Jenoptik, Osram, Robosense, Valeo LiDAR, Velodyne Lidar, Xenomatix; from lighting tier-1s including AL, Hella, Koito, Valeo, and ZKW; and a variety of tier-2 suppliers involved in automotive LiDAR integration.

And 15 expo booths will present the newest innovative LiDAR-based automotive technologies and their integration process into cars.

**EXHIBITION RATES**

	<b>SHELL</b>	<b>BUSINESS</b>	<b>PREMIUM</b>
<b>RATES (exc. 20% VAT) in Euros</b>	4.500	7.500	10.000
Fitted-out open booth-size	2m x 2m 4m <sup>2</sup>	4m x 2,5m 10m <sup>2</sup>	6m x 2,5m 15m <sup>2</sup>
