The 3rd DVN-Interior Workshop will celebrate the 4th DVN Interior Anniversary!

DVN Interior 3rd Workshop will take place in-person in the Pullman Hotel in Köln, Germany, on April 25-26, 2023.

The Theme of our 2-day conference and exhibition: **“Human Centered Interior Technology”**.

It will highlight how new technologies will contribute to increase safety, comfort and well-being in our new mobility world. The event will bring together more than 300 worldwide participants, managers, and experts, involved in automotive interior.

Lectures are expected from:

- OEMs: BMW, Volvo, Ford, Honda, Renault.
- Tier#1 suppliers: Forvia, Grupo Antolin, Valeo, Ansys, Kurz, Novem, Dow and many others.
- Technology suppliers involved in Displays, Electronics, DMS-Driver Monitoring, Interior Trim, Material and Surfaces.

As the automotive market compete more and more on what is happening within the cabin, this event will highlight how new technologies will contribute increasing safety, comfort

and convenience within the car interior.

Among the 22 lectures, contributions are expected from Car OEMs, Interior Tier #1 and Technology Tier #2+, and Universities.

Discussion panels and exhibition booths will host fruitful ex- changes between all attendees.

- **Network & Promote:** This Köln DVN Interior workshop allows your company to network with European, North American and Asian players and promote your interior products or service offer.
- The theme **“Human Centered Interior Technology”** discussed during the Workshop Sessions by the best international experts will help you to orient your company strategic decisions concerning your product and service roadmaps.
- **Award Ceremony:** During Dinner on April 25th, an Award ceremony is organized, including a special Best Sustainable Interior Innovation.
