**The Interior Community Top Tier Event of the Year - DVN Interior 5<sup>th</sup> Anniversary  
DVN Interior 4<sup>th</sup> Workshop will take place in the Pullman Hotel in Köln, Germany,  
on April 23-24, 2024**

The Theme of our 2-day conference and exhibition is: **“Interior of the Future, New Features & Emerging Technologies”**  
It will highlight how User Experience within the Vehicle Cabin, in the context of more automated and connected electric vehicles, needs new features, and what are the emerging technologies we need to support them. It will also cover what Design and Sustainability bring in term of new and renewable materials.

The event will bring together more than 200 worldwide participants, managers, and experts, involved in automotive interior design and technology.

With more automated vehicles, occupant will have more available time, connectivity and new features will pull new technologies to contribute increasing safety, UX, HMI comfort and wellbeing, while being more responsible and sustainable.
