Our Milestones

- **2000 | Foundation:** Started as a niche precision component supplier in India.
- **2003–2010 | Expansion:** Scaled into battery components, plastic molding, and wire harnesses.
- **2011–2016 | Growth:** Established multiple advanced manufacturing units in Bawal.
- **2017–2020 | Innovation:** Launched patented venting solutions and in-house R&D/NPD.
- **2021–2024 | EV Shift:** Expanded into EV components such as DC fans, PRCD, and Snap Fit Vent, etc.
- **2025+ | Future:** Scaling to 100+ machines with a focus on automation and exports.

Our Customers

OEM

HONDA, TVS, Suzuki, Hero, Suzuki, Bajaj, Piaggio

Tier-1

Lumax, Light up the World, Uno Minda, Varroc Excellence, Neolite, Hilux, Hi-Lux Automotive, KK, Exide, Luguard

DATA GROUP SINCE 2000 Delivering Excellence

DATA GROUP

AUTOMOTIVE MANUFACTURING SOLUTIONS

About Us

Data Group is an industrial powerhouse having a turnover of approx 100cr , dedicated to driving progress in Automotive and Engineering Domain.

With **a 20-year legacy** of operational excellence, we serve as a strategic partner to global leaders requiring sophisticated, high-performance solutions.

Our footprint is defined by four state-of-the-art manufacturing facilities in Bawal, Haryana, where a dynamic team of 500+ professionals bridges youthful innovation with seasoned expertise. As a key contributor to the "**Make in India**" initiative, we deliver world-class **automotive components, injection-molded parts and critical components** to premier Japanese and Indian OEMs.

By integrating cutting-edge engineering practices with the fast-evolving demands of the mobility sector, **Data Group** delivers the reliability and innovation necessary for success in today's global market.

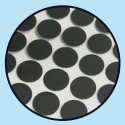

Our Products

Venting Solutions

Vent Caps

Protects automotive lights (HL & TL, FL) from dust and water while equalizing pressure.

Vent Patches

Adhesive membranes for moisture protection and internal venting for electronic components.

Screw Snap Fit Vent

Threaded vents for secure, rugged housing installation for winkers.

Snap Fit Vent

Snap in vents for electronic devices such as ECU & other controller units.

Explosion Vent

Predetermined-pressure safety device that releases accumulated flammable gases.

Desiccants

Absorbs moisture to prevent condensation within sealed units like Housing, HL & TL.

Injection Molding

Automotive Clips

Durable nylon clips for securing and organizing wiring.

DC Fan

DC Fan used as a cooling units for thermal management in electronic devices i.e EV Chargers.

Automotive Seats

Structural molded components for vehicle seating systems.

Battery Containers & Lids

High-impact & high durable containers for housing of battery components.

Battery Products

Wire Harness

Integrated wiring for UPS/Inverter & automotive applications.

Fastner

Corrosion-resistant & anti-acidic fastners for battery terminals.

Soldering/Lead Wire

Used in lead-acid battery plate manufacturing.

Battery Connecting Wire

Highly conductive cables for linking battery units.

PRCD

The speciality of a PRCD is its life-saving precision

Our Vision & Mission

Vision:

We are committed to become a world class supplier of Innovative Automotive Solutions and bring world class technology to India.

Mission:

To exceed our customer's expectations in Quality, Delivery and Cost through continuous improvement and customer interaction.
